# CHIROSECURE ICA MALPRACTICE INSURANCE PROGRAM

## THE ORIGINAL SUBLUXATION BASED PROGRAM

### Dear Dr. Stu:

I wanted to take a moment to thank you for all of your help and guidance as well as your genuine concern regarding the recent letter that I received in my office. The two things that stand out in my mind the most are that you took the time, immediately, to respond to my calls for help; speaking to you helped ease my stress instantly. The second thing is that you took the time to review my notes, and those are hard for me to read sometimes, and again responded by the next day. It takes a dedicated individual to give that kind of service; I know I am not the only one needing your assistance yet I felt I was top priority.

This was not the first time that I had had situations come up and you have always responded with care, concern and in a timely manner. Your staff has also been very professional. Thanks again for your help.

Sincerely,

**Karen Maxwell, BS, DC**  
Danville, Virginia
