

THE Wonders OF WELLNESS

Presented by

James L. Chestnut

B.Ed., MSc., D.C., C.C.W.P. &

Richard A. Baxter

B. Eng., D.C., C.C.W.P.

WELLNESS...A Celebration of Vitality

Wellness... What great meaning that word connotes – rich... profound...sublime, yet simple and, above all, real, and available through chiropractic. This program brings you insight into the evidence-based science of wellness, research and ethical aspects of serving your patients in the emerging frontier.

WELLNESS...A Celebration of Wholeness

You can do great good for your patients when you create – with knowledge and performance – the unity of chiropractic and wellness living. Come to absorb the information, resources and teaching skills necessary to lead your patients to a new experience in health and vitality.

WELLNESS...A Neat Fit for Chiropractic

The practical research and science-based program addresses important health issues in which chiropractors already excel: wellness validation through chiropractic, nutrition/natural health, physical fitness/spinal hygiene, and wellness state of mind/emotional health/secrets of eliciting patient lifestyle change.

WELLNESS...The Certification

This eight-module program (4 on-site and 4 online modules) and final certification examination culminate in the official postgraduate designation by the ICA Council on Wellness Science as a Certified Chiropractic Wellness Practitioner. What better way to understand and communicate behavioral changes that yield real health benefits to your patients.

How to serve your patients through the unity of chiropractic health care and wellness living. With skill and expertise instill the wellness principles in those you serve.

Chiropractic Wellness Certification

2010 SCHEDULE

- *Module 2 Wellness Nutrition and Natural Health Wellness Practice
- *Module 3 Wellness Physical Fitness and Spinal Hygiene
- *Module 4 Wellness State of Mind, Emotional Health and Secrets of Eliciting Patient Lifestyle Change

“This series of seminars is the most profound knowledge on health and physiology a chiropractor can get. These courses save lives! Certification for chiropractors is a must! Dr. Chestnut and Dr. Baxter are doing an incredible job enabling chiropractors to implement wellness practices versus treatment centers.”

— Kari Shandley, D.C., Kirkland, WA

Research Review – Murphy

Continued from page 8

- 18,702 children report an adverse vaccine event to an outpatient clinic per year
- 9,360 children report an adverse vaccine event to an emergency dept per year
- 28,062 total children report adverse vaccine events per year, accounting for
- 4.8% of the 585,922 yearly total adverse drug events in US children

Additional Comments:

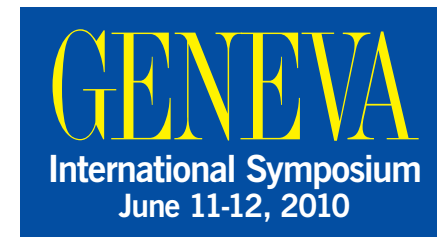

For any medical, governmental or parent group to say that chiropractic may harm children seems crazy when compared to these numbers. This article reminds me of a few proverbs:

“He who is without sin among you, let him throw a stone at her first.”

JOHN 8:7

People who live in glass houses should not throw stones

Dan Murphy, DC, DABCO has more than 30 years of practice experience. He graduated magna cum laude from Western States Chiropractic College in 1978 and received his Diplomate in Orthopedics in 1986. Internationally recognized for his excellent lectures on neurology, nutrition and personal injury management, Dr. Murphy keeps up-to-date on the very latest published literature relevant to chiropractic and provides a weekly subscription service of the latest research with his reviews and comments. Dr. Murphy is the past vice president of the International Chiropractors Association (ICA).

Palmer College – Marchiori

Continued from page 7

He received his doctorate in policy planning and leadership from the University of Iowa in 2005. Dr. Marchiori has had faculty appointments in the research, diagnosis and radiology departments. His administrative tenure includes the roles of department chair, dean, vice president of academic affairs for the Davenport campus and vice chancellor for academics for the College system. In addition to teaching he has published numerous scientific articles and two editions of a comprehensive textbook in radiology titled *Clinical Imaging*.

“With nearly 20 years invested with Palmer College, Dr. Marchiori has proven himself a leader in chiropractic and higher education,” said Dr. Ireland. “There is a great sense of pride in watching someone like him live the American Dream, advancing through the administrative levels and excelling with each new chapter.”

Dr. Marchiori succeeds Mr. William Wilke, a respected Quad-City businessman and member of Palmer’s Trustees who was appointed by the Board of Trustees to serve temporarily as Chancellor following the departure of Mr. Larry Patten in December 2008.
