

SPRINGTIME MEETING

continued from page 1

information on vertebral artery dissection, a topic that is timely and critical for all practitioners.

The banquet on Saturday evening, starting with a reception will be a gala event. Awards, guest speaker and other fun events will make it a lively and memorable evening. On Sunday DCs can take the four-hour workshop on Pediatrics taught by ICA Council Chair and Vice Chair Dr. Lora Tanis and Dr. Sharon Vallone, respectively. Both are

Diplomates of the ICA Council on Chiropractic Pediatrics and full-time practitioners with extensive experience in pediatric care. The session will be practical and useful, something one can use Monday morning. They will teach the protocols for exam, analysis and adjusting techniques for infants and pregnant women as well as the management of care of usual and unusual cases seen in a chiropractor's office.

"This Springtime meeting is going to be a celebration, a celebration of chiropractic and we want everyone there. It does not matter if you are an ICA member or not. We invite everyone to attend," said Dr. Maltby. "Come and see what ICA is all about, we guarantee you will have a good time."

Come Wednesday and participate in Legislative Day

**April 26
8:00-12:00**

Briefings and presentations by Senators, Congressmen and other regulatory officials.

Make it a Vacation!
