# Are You a WHIZ at Whiplash?

ANSWER THE 8 QUESTIONS BELOW AND SHOW YOUR STUFF.

If you only know an answer or two, you need to attend to fill the gaps with what you don't know: New knowledge!

**1. WHAT DOES** the literature say about why pain becomes chronic, when it becomes chronic and what can be done about it?

**2. WHAT ARE** the biomechanical reasons for both acute and chronic pain, and the nutritional management of that pain?

**3. WHAT ARE** the randomized clinical trials that compare adjusting to the drugs Celebrex and Vioxx in the management of chronic spine pain?

**4. WHAT DOES** the latest research say about the prognosis of treatment with and without chiropractic care?

**5. WHAT NEEDS** to be explained to an insurance adjuster and/or jury to satisfy them about chiropractic treatment?

**6. WHAT IS** the model, based on Guyton's Textbook of Medical Physiology that can explain injuries, complaints, examinations, and treatment in a whiplash case?

**7. WHAT IS** needed in the history to give the examinations, treatment, billing, treating doctor, patient, and representing attorney credibility?

**8. WHAT MAKES** narrative writing essential in the referral and representation of patients from an attorney?
