COLLEGE ROUND-UP

continued from page 21

conducted tours of the campus. This was followed by lunch and a presentation by Dr. Patrick Hammond, who provides treatment to some professional athletes in Kansas City.

Mary Bostic, a visitor from Maryland who will start at CCCKC in the fall was pleased with her visit and felt she got more insight into chiropractic than she had before. She enjoyed the student-directed tours the most. "It allowed me to hear more personal stories concerning the student experience at the school and also allowed me to see current students in action," she said.

NORTHWESTERN HEALTH SCIENCES UNIVERSITY

More than 1,000 visit campus for Egg festival and Hunt

Nearly 1,200 people flocked to Northwestern in April for a Spring Egg Festival and Egg Hunt sponsored by the college and the Bloomington Optimist Club.

Children age 8 and under had an opportunity to participate in fun indoor festivities including face painting, chalk drawing, balloon twisting, watching a magician, and dancing along with the Teddy Bear Band.

The Bloomington Optimist Club's 17th Annual Spring Hunt immediately followed the festival. Children were divided into three age groups and given the opportunity to hunt for eggs filled with jelly beans. In addition, children who found one of 200 specially marked eggs received special gifts.

"Events like the egg festival and Hunt allow us an opportunity to become an actual face in the community," said Nicky Simon, Northwestern's community relations coordinator. "It allows people to get to know who we are and why we are here and how we can help them in their lives."

PALMER COLLEGE OF CHIROPRACTIC-DAVENPORT

2007 Homecoming invites attendees to "Look Inside"

Palmer Davenport's Homecoming this year, August 9-11, features a variety of continuing education sessions as well as the traditional and some new social events, along with a vendor expo.

This year's theme is "Look Inside" and refers to some exciting additions to the Davenport campus as well as the healing, compassion and knowledge that chiropractors can find within themselves and at Palmer. There will be a dedication ceremony on August 10 for the new Palmer College of Chiropractic Academic Health Center, a 50,000 square-foot, state-of-the-art clinic and clinical learning resource center.

The program this year also includes some new events including special day tours for spouses and guests at area attractions such as the Quad City Botanical Center, the new Figge Museum and the Lavender Crest Winery. There will also be several options to choose from during "Palmer Night", from music at the River Music Experience, a movie at the IMAX theatre to a dinner cruise on the Mississippi River.

For the full program visit *www. palmer homecoming.com.*

MEDICARE ROUNDTABLE

served as Counselor to the Commissioner and Associate Deputy on Retirement Policy at the Social Security Administration. She served on the 2005 White House Conference on Aging and in 2006 was appointed to the Social Security Advisory Board.

The National Committee to Preserve Social Security and Medicare *http://www.ncpssm.org/* was founded in 1982 to serve as an advocate for the landmark federal programs of Social Security and Medicare and for all Americans who seek a healthy, productive and secure retirement. With millions of members and supporters across America, NCPSSM is the nation's second-largest grassroots citizens organization devoted to the retirement future for all citizens — from our "twenty-something" generation and baby-boomers to the nation's thirty-four million seniors.

The mission of the NCPSSM and Medicare, a membership organization, is to protect, preserve, promote, and ensure the financial security, health, and the well-being of current and future generations of maturing Americans. Its efforts are directed toward developing better-informed citizens and voters.

"ICA looks forward to a growing dialogue with the National Committee to Preserve Social Security and Medicare and other consume organizations in an effort to educate and mobilize new forces on behalf of the unique, powerful and highly cost-effective contribution can make to the care of the nation's aging population," said Dr. Hirsh.

Books by Dr. Fred Barge

CHIROPRACTIC PHILOSOPHY

CHIROPRACTIC TEXTBOOKS

It Is As Simple As That & More – is one of the last of Dr. Barge's philosophy texts. In this book Dr. Barge interprets B.J. Palmer's most popular lay lecture. He also includes two of B.J.'s explanatory brochures and three of his own patient brochures, 33 Principles and The Nine Primary Functions. *(Hard cover)* $39.50 ICA Members; $45.50 Non-Members

Life Without Fear – Pure, traditional Palmer chiropractic philosophy. From D.D. and B.J. Palmer to teachings of modern chiropractic authors, Dr. Fred Barge explains the major philosophical tenets of chiropractic. *(Soft Cover)* $25.00 ICA Members; $29.95 Non-Members

Are You The Doctor, Doctor? *(Third Edition)* – This is one of Dr. Fred Barge's most popular and best known works. It is a "cook book" on the art of good, ethical and responsible doctors. *(Soft Cover)* $25.00 ICA Members; $29.95 Non-Members

One Cause, One Cure – Man is always searching for the CAUSE. According to Dr. Barge, the answer has been there all the time. In this book he explains the Big Idea and Universal Intelligence, the basis of chiropractic philosophy. *(Hard cover)* $39.50 ICA Members; $45.50 Non-Members

Giant vs. Pygmy & "Thots"– Dr. Fred Barge explains in this text, published in 1994, the metaphysical concepts of chiropractic as articulated by B.J. Palmer. *(Hard cover)* $39.50 ICA Members; $45.50 Non-Members

Wryneck – This is a revised edition of Barge's earlier text "Torticollis." Wryneck includes 14 illustrated chapters which discuss: historical observations, modern medical history, spinal anthropology, causation, development of the Sigmoid curve, mechanics of torticollis, x-ray analysis, pain of torticollis, adjustment, upper cervical specific and its approach to torticollis, initiating and predisposing factors, chronic torticollis subluxation, infantile torticollis and chiropractic care of children. *(Soft Cover)* $26.95 ICA Members; $29.95 Non-Members

Scoliosis *(second edition)* – Dr. Fred Barge explains the detection, analysis, control, reduction and correction of the four basic causes of "idiopathic" scoliosis through chiropractic methods. Chapters include discussion on normal spinal contours, the disc block subluxation, the dominant inferiority, sacral base x-ray, useful terminology, growth factors, anomalies, rotational factors, lifts, symptoms and signs, spinal adjustment, the normal sigmoid curve and other considerations. Fully illustrated. *(Hard cover)* $70.00 ICA Members; $75.00 Non-Members

Explanations – Dr. Barge's last and final contribution to chiropractic literature. The book is divided into two parts: the first includes the thoughts, opinions, quotes and personal experiences of the author; the second a discussion of different health problems and chiropractic care. Though chiropractic does not "cure" Dr. Barge explains how correction of the vertebral subluxation helps the body to heal itself. *(Soft cover)* $34 members and non-members.
