The Ripple Keeps Growing

LCfE

Lifetime Care for Everyone

Doctors from every technique, Chiropractic College, political affiliation, and practice management program are using our lifetime care patient education, marketing programs, training tools and seminars as a catalyst for their practice or complement to their current system. If you ever feel like you are on a roller coaster trying to grow, you will love the simplicity, stability and the impact of LCfE. Unfortunately, some people think that to get families under lifetime care, you have to give the care away, resort to degrading marketing or use high pressure sales tactics. Nothing can be further from the truth. Connecting to LCfE will help you build the practice of your dreams and give you the balance you've always wanted. Let's go to work!

Practice Building Products

LCfE Connection: Telephone and Web Based Marketing and Training

The LCfE Connection will give you a first class marketing and training program at a fraction of what you would pay elsewhere. We've already done the work for you. Just download, personalize and print the marketing materials that DC's worldwide are using to generate over 1,000,000 new patients and counting. The telephone and web-based training will teach you and your team how to implement and grow your practice without having to travel to a seminar. First month only \$99.

Personal Coaching

Our coaches have mastered LCfE and are committed to helping you do the same. Doctors in our coaching program have grown between \$10,000 and \$50,000 per month practicing congruently with their personal beliefs and building great lives in the process. Join us and achieve the ultimate balance of a great practice and life.
