

# Simply Powerful.

The screenshot shows the 'DaySheet' interface for 'Van Fleet Family Chiropractic Clinic'. The interface is annotated with several features:

- USER DEFINABLE TOOLBAR:** Located at the top left of the application window.
- APPOINTMENTS COLOR CODED BY TYPE OF VISIT:** Points to the appointment grid where different colors represent different visit types.
- ON-LINE VIDEO HELP:** Located in the top right corner of the window.
- NAVIGATOR TABS:** A vertical sidebar on the right side containing tabs for Calendar, Patients, BlackHole, Billing, Money Pk, and Pay Claims.
- BLACKHOLE LIST:** A list of patients with missing appointments, shown in a separate window.
- SINGLE CLICK ACCESS TO VITAL INFORMATION:** Points to a patient's contact information pop-up window.
- INPHASE SYSTEM TRAY:** A small icon in the bottom right corner of the desktop.
- USER DEFINABLE RUNNING STATISTICS:** A summary box at the bottom right showing statistics for 'Mon September 10, 2001', including Scheduled, Checked Out, In Office, Absent/Late, and Pending counts.
- 'TIMELESS' APPOINTMENTS:** Points to the appointment grid.
- APPOINTMENT STATUS:** Points to the appointment grid.
- FAMILY MANAGEMENT:** Points to the appointment grid.

When most doctors hear "practice management software" they think billing. If that's the case, what would you call software that files claims electronically... manages family plans and payment agreements (including charging a credit card on a given billing cycle)... never allows a patient to fall out of care without your knowledge... anticipates the arrival of even the worst "I'll see you sometime Monday" type of patients... has built in safeguards for getting you comfortably through staff turnover or somebody "filling-in" at the front desk... can quickly explain balances to the penny...and much, much more? When it all comes packaged in an easy to learn, easy to use, lightning fast interface, we believe you will call it... simply powerful.

Not just solutions for your problems...  
We provide possibilities for your practice.
