Standing Tall for **Chiropractors**

Make a Choice.
Join ICA!

ICA MISSION

To advance chiropractic throughout the world as a distinct health care profession predicated upon its philosophy, science and art.

IT'S A MATTER OF RECORD

ICA is the profession's oldest and most distinguished international association. It has been serving the profession for 77 years with PRIDE, DIGNITY & PROFESSIONALISM.

DISTINGUISHED HISTORY

Established in 1926 by Dr. B.J. Palmer, the history of ICA includes much of the history of Chiropractic. For decades, ICA fought for the rights and dignity of chiropractors with determination and courage in the courts and in the Halls of Congress.

SERVING WITH INTEGRITY

Today, ICA continues to serve the professional needs of chiropractors with the same integrity and without sacrificing the principles on which it was founded. It remains committed to the belief that remaining separate and drugless is essential to chiropractic's future.

LOOKING TO THE FUTURE

Standing on timeless principles, ICA is committed to embracing cutting edge technologies and strategies to meet the challenges of an increasing competitive market.
