"Just a note to say that your team did a VERY professional job on the expedited processing of my new policy. You and your associates were efficient and effective in responding to every question and phone call that was initiated. Every step was completed on your part in a timely and professional manner.

I thank you and acknowledge you and your team for a job well done."

RELIEF EFFORTS

areas, and relief and security personnel, ICA is placing special emphasis on assisting the chiropractic profession and chiropractic families impacted by the disaster. Based on detailed reports from representatives in the storm-damaged states, it is clear that large numbers of chiropractic practices and chiropractic families have suffered devastating losses with clinics, homes and personal possessions

ICA is asking doctors of chiropractic with employment offers, donations of equipment and other offers of assistance to our professional colleagues to contact ICA via e-mail at chiro@chiropractic.org and also to utilize the emergency action website of the Chiropractic Association of Louisiana as an additional means of direct communication with DCs in urgent need in that state, at www.3cdf.com/calinfo/katrina/info/htm.

ICA has also been in direct discussions with Kathy Chittom, Executive Director of the Chiropractic Association of Louisiana and has learned that this hard-pressed organization has now set up a direct relief fund for victims of the disaster in that state. ICA is urging all concerned individuals and organizations to include this fund in their giving. One hundred percent of all tax-deductible donations will go directly to storm relief. Please send your donation to:

CAL Relief Fund
Chiropractic Association of Louisiana
3070 Teddy Drive, Suite A
Baton Rouge, LA 70809

The chiropractic community in Mississippi has also established a relief fund. Information on that effort can be obtained by contacting Dr. Vicki Webb via e-mail at vicki_m_webb@bellsouth.net.

ICA is deeply grateful for the massive outpouring of offers of assistance and support it has received. It has also been asked to forward a message of thanks from Ms. Chittom and the Chiropractic Association of Louisiana for the nationwide response to their urgent needs. ICA will continue to serve and assist in every possible way and looks forward to a growing nationwide mobilization of the chiropractic profession at this difficult time.

"FOLLOW ME"

ferred to donate chiropractic tables and other equipment to colleagues needing start-up resources to restore a shattered office.

The point is this: Learn from those who have gone before you and act. Chiropractic has always been about serving, not getting. Continue to look for ways you can serve your community, your country, and chiropractic. I guarantee, you will always get back more than you can ever give. So next time you think it is too hard or you don't have enough time, think about those guys going up to the top of Mt. Suribachi and listen very closely. They're saying, "Follow me."
