COUNCILS

continued from page 21

This year the pediatrics conference will be held November 22-24 at the Wyndham Hotel at Canal Place in New Orleans, Louisiana. A slate of excellent speakers, many of whom are Diplomates in Chiropractic Pediatrics (there are currently only 100 in the US and Canada), will share with doctors and students their knowledge, education and clinical experience on a variety of topics ranging from scoliosis, vaccinations, developmental milestones, pregnancy issues, examination and evaluation of newborns, inter-professional care, risk factors, research writing, etc.

The program includes 14 lectures, presentation of six research papers from the field, and three adjustive/technique workshops. Speakers include: Dr. Peter Fysh, Dr. Maxine McMullen, Dr. Joan Fallon, Dr. Lora Tanis, Dr. Carol Phillips, Dr. Arthur Copes, Dr. Donna Craft, Dr. Christine Hyman, Dr. Janet Cuhel, Dr. Rick Statler and Dr. Lois Ladd. Guest speaker is well-known Founder President of the National Vaccine Information Center, Ms. Barbara Loe Fisher.

The conference is co-sponsored by Palmer College of Chiropractic and 21 hours of license renewal credits have been applied for in all states that approve out-of state programs. To register for the Conference fill in the form on page 19. To become a member of the ICA Council on Chiropractic Pediatrics (you do not have to be an ICA member to join) call 800-423-4690 or 703-528-5000.

COUNCIL ON CHIROPRACTIC PHILOSOPHY

Inaugural conference set for May 2003

The recently launched ICA Council on Chiropractic Philosophy is already up and running with its first Conference on Philosophical Chiropractic Standards set for May 17-18, 2003 at the Fairmont Hotel in Kansas City, Missouri.

This inaugural conference, according to Council Chair Dr. Fred Barge is designed to be a serious program focusing on lectures and debate on chiropractic philosophy and not motivational sessions which some inaccurately promote as chiropractic philosophy. The program will also include the presentation of research papers. An interesting and stimulating program with an excellent slate of speakers is being developed. Students will also have an opportunity to debate with those well-versed in chiropractic philosophy at an exclusive evening session.

The Fairmont, Kansas City, Missouri
